 Name: _____

Fall Treasures

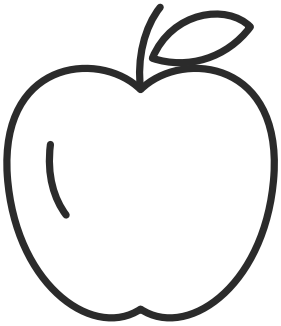

Color each fall treasure. Read the words with a grown-up. Have you found any of these outside?

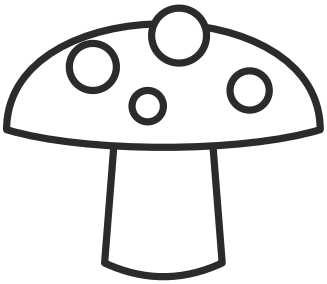

maple leaf

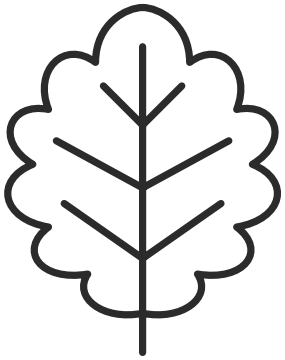

acorn

apple

mushroom

oak leaf

pumpkin

💡 **For grown-ups: why it works.** Coloring inside a shape is real hand training: small, controlled strokes strengthen the same finger muscles used for holding a pencil. Each picture has its name under it, so coloring becomes a little reading lesson. Take the page on a walk and look for the real things.
