Name: _____

👀 Spot 5 Differences

Look closely at the two pictures. Circle 5 things that are different in the bottom picture. Color a star for each one you find.

I found: ☆ ☆ ☆ ☆ ☆

💡 **For grown-ups: why it works.** Comparing two pictures part by part trains careful, systematic looking, which children later use to compare letters and words. Encourage looking left to right, like reading. Answers: a pumpkin is gone, the cloud is gone, the turkey faces the other way, a red leaf turned brown, and the squirrel became a hedgehog.
