Dot-to-Dot Leaf: 1 to 20

Start at the black dot. Connect the dots in order from 1 to 20, then back to 1. What did you make? Color it with fall colors!

💡 **For grown-ups: why it works.** Dot-to-dot pages practice counting order past 10 (11, 12, 13…) and finding the next number among many, while the hand draws straight lines in every direction, which are the strokes inside letters. The surprise picture keeps them going.
