Turkey Color by Letter

Find the letter in each part of the turkey. Color it with the crayon that has the same letter.

r = red **b = brown** **o = orange** **y = yellow**

For grown-ups: why it works. Matching each letter to its crayon is letter recognition hidden inside a coloring page. Each color word starts with its letter (r for red, o for orange), so children also hear first sounds. Coloring small parts builds the hand control used in writing.
