 Name: _____

🎵 Rhyme Time

Say the two picture names. Do they sound the same at the end? Draw a line from each picture to the one it rhymes with.

What rhymes with sun? Draw it here!

(Ideas: bun, run, one…)

💡 **For grown-ups: why it works.** Hearing rhymes means listening to the sounds inside words, not just their meaning. This sound awareness comes before reading and predicts how easily children learn phonics. Pairs: cat / hat; bee / tree; moon / spoon; car / star; mouse / house; frog / dog.
