 Name: _____

🔤 Sound Boxes

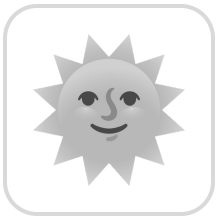

Say the word. Touch a black dot for each sound (c-a-t). Write one letter in each box. Then trace the word and write it on your own.

cat cat

dog dog

sun sun

pig pig

hat hat

bus bus

💡 **For grown-ups: why it works.** Sound boxes (Elkonin boxes) make children break a word into its sounds, then match each sound to a letter. This is the heart of phonics: three sounds, three boxes, three letters. Touching the dots keeps the sounds in order.
